**ANNOUNCEMENT
INTERNATIONAL CONFERENCE DEDICATED TO THE 150TH
ANNIVERSARY FROM THE BIRTHDAY OF ACADEMICIAN L.S. BERG,
BENDER, MARCH 13, 2026**

March 14, 2026 marks the 150th anniversary of the birth of Academician L.S. Berg, a native of the City of Bender, current Moldova. Lev Semenovich Berg is a man and scientist who has had an unusually great influence on the development of natural sciences and the formation of scientific directions in Biology and Geography. Berg's name unites scientists and naturalists. March 13, 2026, International Association of the Keepers of the Dniester River "Eco-TIRAS" in cooperation with the Educational Foundation named after

L.S. Berg in Bender and the City Museum in Bender are organizing an international conference dedicated to the 150th anniversary of our outstanding fellow countryman, similar to those organized in 2001, 2006 and 2011, 2016, and 2021. Scientists from Chisinau, Tiraspol, Odessa, and many others will take part in the conference. As a result of the conference, a collection of articles will be published, designed to promote both the development of Berg's scientific heritage and the progress of sciences to which he devoted his life.

Materials for publication (up to 5 pages of text, one interval, including an introduction, materials and methods, results and discussion, conclusions and bibliography, in Word format, 12 point size, please use only Times New Roman font, one spacing, the choice of language is not limited), should be submitted by e-mail to the address Berg150md@gmail.com by December 31, 2025. Figures must be clearly legible when reproduced in black and white. To do this, print any color illustrations before melting and make sure they are understandable in black and white reproduction. All article materials should be original, presented in one file in the .doc, .docx or .rtf format, with tables and illustrations inserted as cited. Tables - only in A4 book format. It is possible to publish no more than 2 materials by one author, including articles in co-authorship. The conference will take place on Friday, March 13, 2026, in the premises of the City Museum of Bender, as well as in the online format. The beginning is at 10-30 am, local time. Confirmation of participation with the registration form (below), and **articles, named by the first author family name, as well as the the registration for, please send by January 18, 2026**, to the above e-address. Please note that the published conference materials will include articles only in the fields of science in which acad. Leo Berg contributed. Each article will have the *index DOI*. Publications and participation in the conference are free of charge. The Proceedings will be published in hard copy and also posted on the Internet by the opening of the conference. The conference program will be formed after February 15, 2021, based on the articles submitted.

A bus from Chisinau to Bender and back (on the same day in the evening) will be ordered. It will depart on March 13 at 8 am from the building of the Academy of Sciences of Moldova, Blvd. Stefan cel Mare, 1.

Organizers: International Association of River Keepers "Eco-TIRAS", Educational Foundation L.S. Berg, Bendery City Museum.
